Dear Shareholders,

We are truly proud that as always we have done better than the previous years. We attribute this success to our goal-oriented approach that helped us both in the domestic and international market.

The financial result of our momentum building was solid performance in 2013-14, despite volatile currency and intense competition. Full-year EPS was ₹ 17.39, up over 38.01% compared to the prior year, while total revenue increased 41.4% to ₹ 306.7 Crore. We continue to reward our share-holders with regular dividend and for this year, we have proposed ₹ 2 per share. We will continue to efficiently deploy capital as we seek growth in coming years.

The year 2013-14 was particularly significant as we launched promising products, repositioned our go to market strategy and strengthened our brand. The last couple of years' efforts to expand our product portfolio resulted in launching Shakti Solar Pumps this year. The initial response across various markets has been very encouraging. Our sales also increased manifold in the industrial and household segment. We believe this continued momentum reflects the strategic evolution of our business.

By bringing in Amitabh Bachchan and investing in our Brand Campaign, "Annadata ki Shakti", we have succeeded in achieving higher sales growth in our core area of agriculture sector. We continue to be a leader in exports market of pump industry and increased our presence over 100 countries this year.

Without question, the key to our success in the year 2013-14 was our most valuable asset: Team Shakti. Our momentum of revenue and innovative products is maintained thanks to the dedicated, focused efforts of our more than 1100 employees. We are certainly proud of the stringent quality & innovation methods of our research & development team, which is over & above industry standard worldwide and has helped us attain great heights in the pumps market all over the world.

As we look ahead, our business projections - including plans for 25% growth rate in the top-line - further add to our excitement about the future as we continue momentum. This optimism, above all else, is founded on our unwavering confidence in the expertise and dedication of Shakti's employees around the world.

I wish to thank all the Shakti stakeholders for your ongoing trust and support and motivating us to do better in all the circumstances.

Warm regards,
Dinesh Patidar
Chairman and Managing Director

Growth our sole aim

As we look back on our glorious journey that began in 1982, the one thing that strikes instantly is our sincere efforts at bringing about growth for our customers, be it India or overseas. We have also ensured that this happiness passes on to all in the country, various communities, suppliers, dealers, employees, financial institutions, stakeholders & well-wishers.

We feel proud that our efforts and hard work have led to such commendable results.

Amitabh Bachchan

Brand Ambassador Amitabh Bachchan

The year 2013 marked an important chapter in the history of Shakti Pumps as the very famous Amitabh Bachchan stepped in to become the brand ambassador of the company. This means, that if our previous brand ambassadors Sudhir Pandey and Rajat Kapoor contributed to increasing our popularity, the advent of Amitabh Bachchan promises far greater prospects while also achieving top of the mind recall value of brand Shakti among the people.

Extensive Brand Promotion

"If the pumps are good, they have to reach far & wide," has been the company's policy right since inception.

In compliance with this, Sudhir Pandey and Rajat Kapoor were our brand ambassadors in the initial years. The year 2013 was particularly significant as Amitabh Bachchan entered the scene as our new brand ambassador. The company is confident that the new ambassador & cine star who is famously known both in India & overseas will take the company to greater heights.

Besides this, we at Shakti Pumps have taken every opportunity to advertise in various media vehicles, for instance-

- **Television:** NDTV, Aaj Tak, CNBC Awaaz, Zee 24 Taas, ETV Rajasthan, IBN Lokmat, etc.
- **Radio:** Big FM, Red FM, Radio City, Radio Mirchi, My FM, etc.
- **Newspapers:** Dainik Bhaskar, Rajasthan Patrika, Lokmat, Nai duniya, Thanti, Sakshi, Sakaal, Indian Express, etc.
- **Magazines:** Air India, India Today, EPC Magazine, Water Today, World Pump India, Construction Buiness Today, Krishak Jagat, Gram Sanskriti, etc.
- **Press Releases:** All leading regional, national & international newspapers & channels
- **Online Promotion:** We have also been regularly advertising on You Tube, Facebook, Twitter & Linked in

Our very reliable Shakti Pumps at a glance

Shakti Solar Pump

Innovation is embedded in our DNA. We constantly challenge the limits, think beyond the ordinary and come up with innovative pumping solutions that satisfy the needs of customers in a better and an efficient manner. We have a world class R&D facility with ultra-modern equipment.

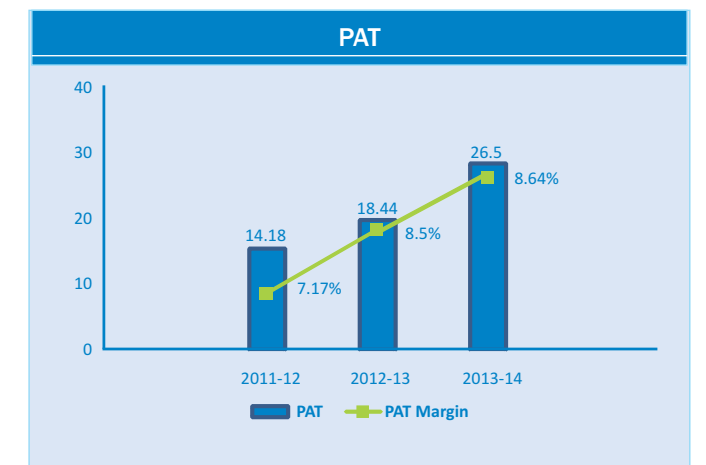

We were the first company to present stainless steel pumps in the Indian market, thus bringing a revolution in the sector. Now in an effort to reduce the dependency on the traditional sources of energy, we have come up with Solar Pumps that utilize the energy of the sun to supply water- in the process making farmers and Mother Nature both happy.

The advantage of Shakti Solar Pump is that it can run easily & efficiently on both Solar (DC power) & Grid (Conventional AC power), giving a very high discharge for maximum time. This way, Shakti Solar Pump automatically scores over other DC pumps.

Making a mark, Shakti Solar Pumps: We feel proud to state that the company is a channel partner for MNRE. And that our Shakti Solar Pumps have been greatly appreciated by Madhya Pradesh, Chhattisgarh & Rajasthan Government for their quality and performance. Not surprising that Shakti Solar Pumps are in great demand in France, Germany, Turkey, Sudan, Morocco & Algeria.

Shakti shines at Global Investors Meet (Indore)

Shakti Pumps (I) Ltd. was a proud participant of Global Investors Meet held in Indore. Many industries of international repute participated in this mega meet. The Chief Minister of Madhya Pradesh, Shri Shivraj Singh Chauhan, who inaugurated the meet was greatly impressed by Shakti Solar Pumps. Speaking on the occasion, he said "Time has come to take note of electricity & fuel shortage that is threatening to engulf the entire world. In the wake of this, it is necessary to adopt precautionary measures so that the coming generations will not face problems." He also opined that Shakti Solar Pumps are an ideal answer to the challenge.

Participation in overseas events

As part of our strategy to gain foothold in overseas markets, we at Shakti pumps have actively participated in international events that have come by. Thus, in 2013-14 we participated in-

1. Big 5 Exhibition, Dubai
2. NGWA Groundwater Expo, Nashville (USA)
3. 18th Annual Clean Tech Exhibition, Israel
4. MCE 2014 Expo in Fiera Milano, Italy
5. Irrigation Australia Exhibition, Australia

This apart, we also conducted a Shakti Solar Pump Demonstration in Morocco, Northern Africa early this year. The objective was to create awareness about our solar pump which runs on solar energy. Since there, too, people face high electricity costs and non-availability as in India.

Various certifications - a proof of our excellence

It is heartening to note that various certifications recognize our commitment to excellence, today. Not surprising that in comparison with other Indian pump companies, Shakti Pumps is the only venture to have received maximum number of 5 star ratings for its products from the Bureau of Energy Efficiency.

This apart, we have also received certification from independent bodies like UL, CE, ISO, BIS, ISI, etc.

Tax on Proposed Dividend	51.81	24.72

2. Dividend

Your Directors have recommended a dividend of ₹ 2.00 per Equity Share for the financial year ended March 31, 2014, amounting to ₹ 356.68 Lakhs (inclusive of tax of ₹ 51.81 Lakhs).

3. Company's Performance

During the year, your Company has registered a revenue of ₹ 30674.17 Lakhs as compared ₹ 21689.92 Lakhs showing an increase of 41% over the previous year turnover. The export of the Company increased from ₹ 13822.42 Lakhs to ₹ 20751.45 Lakhs showing an increase of 50% over previous year and the company has registered domestic sales of ₹ 8903.78 Lakhs as compared to ₹ 7211.11 Lakhs showing an increase of 23.46% over the previous year.

The Company earned profit before depreciation, interest and tax of ₹ 5505.20 Lakhs as against ₹ 3838.36 Lakhs in the previous year, showing a growth of 43% over previous year.

4. International Business

Complying with the company's policy of extensive global growth, The company is assiduously working towards achieving a strong presence in BRICS, G20, European Union and other growing countries of the world in the coming years. Further, efforts are also on to increase the Dealer Network to 100 more in the next 2 years as a way to complement the growth.

The company is having two overseas subsidiaries, one in USA and another in UAE. Going ahead the company is also planning to establish its third wholly owned subsidiary in Australia to expedite the delivering process in Australian continent.

5. Outlook

A two trillion dollar economy catering to a billion-plus population! The statement sums up adequately the vast opportunities that lie ahead of India. As per various studies, the economy of India is the tenth-largest in the world by nominal GDP and the third-largest by purchasing power parity (PPP). The country is one of the G-20 major economies and a member of BRICS. According to the IMF, India is the 19th-largest exporter and the 10th-largest importer in the world.

More so, in the agricultural sector, as this happens to be the country's main occupation even today! Naturally, we at Shakti Pumps are optimistic about leveraging high-sales in agricultural pumps in the coming times. After all, it has also been observed that India ranks second worldwide in farm output. And despite a steady decline of its share in the GDP, agriculture is still the largest economic sector and a significant piece of the overall socio-economic development of India.

In the international market too, we are confident of increase in order intakes as also sales revenue, despite modest growth in global economy. Essentially because Shakti Pumps are in demand across more than 100 countries today- a figure that is likely to grow up further in the coming years. And so by 2020-21, we aim at achieving top line of ₹ 5500 crore with the net margin of 9-10%

6. Govt. Policies

Ministry of New and Renewable Energy (MNRE) has taken to popularize solar pumping solutions with the help of various state governments. It is certainly a matter of great pride that for quite some time now, our pumps are being made available to the farmers/institutions in Madhya Pradesh, Chhattisgarh & Rajasthan at the recommendation of MNRE as also the state government.

7. Other Growth Plans

With strong R&D to our side, we are now also focusing on industrial and agricultural pumps in a big way so as to meet the requirements of institutional as also Govt. businesses. Expansion of our standard business, continued development of products and concentrated efforts to further improve after-sales service will also be our top priority.

Innovation and R&D are factors that contribute to long sustainability. Thus, we also have plans to launch many new products like high capacity solar pumps. In the same way we have plans to enhance the range of booster pumps, open well pumps, hydro-pneumatic systems as also updating other products as per customer requirements. We are also in process of developing high quality energy conservative sewage pumps, slurry pumps, waste water pumps, hot water pumps, etc.

8. Directors

As per the provisions of the Companies Act, 2013, Mr. Ramesh Patidar (DIN: 00931437) will retire in the ensuing Annual General Meeting and being eligible, seek re-appointment.

Our non-executive (independent) directors were appointed as directors liable to retire by rotation under the provisions of the erstwhile Companies Act, 1956. The Board of Directors has been advised that non-executive (independent) directors so appointed would continue to serve the term that was ascertained at the time of appointment, therefore, it stands to reason that only those non-executive (independent) directors who will complete their present term at the ensuing Annual General Meeting of the Company, being eligible and seeking re-appointment be considered by the shareholders for re-appointment for a term as per resolutions.

Ms. Pooja Mahajan appointed as Nominee Director as IFCI Venture's nominee under Green India Venture Fund (GIVF) with effect from December 11, 2013.

Ms. Poonam Garg withdrawal as Nominee Director as IFCI Venture's nominee under Green India Venture Fund (GIVF) with effect from December 11, 2013.

9. Directors' Responsibility Statement

Pursuant to requirement under Section 217 (2AA) of the Companies Act, 1956, with respect to Directors' Responsibility Statement, the Directors confirm:

- That in the preparation of the annual accounts, the applicable accounting standards have been followed along with proper explanations relating to material departures;

- b. That the Directors selected such accounting policies and applied them consistently and made judgments and estimates that were reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as March 31, 2014 and of the profit of the Company for the year ended on that date;
- c. That the Directors took proper and sufficient care to maintain adequate accounting records in accordance with provisions of the Companies Act, 1956 for safeguarding the Company's assets and for preventing and detecting fraud and other irregularities;
- d. That the Directors prepared the Annual Accounts on a going concern basis;
- e. That the Company has adequate internal systems and controls in place to ensure compliance of laws applicable to the Company.

15. Particulars of employees

No employee was in receipt of remuneration exceeding the limits set out under Section 217 (2A) of the Companies Act, 1956 read with Companies (Particulars of Employees) Rules, 1975.

16. Insurance

All insurable interests of the Company including inventory, building, plant and machinery and others are adequately insured.

17. Auditors

M/s Vinay Gandhi & Associates, Chartered Accountants, who are the Statutory Auditors of the Company, hold office, in accordance with the provisions of the Act till the conclusion of the forthcoming Annual General Meeting and are eligible for re-appointment.

18. Cost Audit

M/s Mihir Turkhia & Associate, Cost Accountant, who is the Cost Auditor relating to Pumps and Motors for the year ended March 31, 2014. The Cost Audit Report for the Financial Year 2012-13 was filed by the Company within the prescribed due date. The Cost Audit Report for the Financial Year 2013-14 is expected to be filed within the prescribed time.

19. Secretarial Audit Report

As a measure of good Corporate Governance practice, the Board of Directors appointed Mr. Manish Maheshwari, Practicing Company Secretary, to conduct the Secretarial Audit. The Secretarial Audit Report for the financial year ended March 31, 2014 is provided in the Annual Report.

20. Corporate Governance Report and Management Discussion and Analysis Statement.

Management Discussion and Analysis

Global Economy

Global activity has broadly strengthened in the last year and is expected to improve further in 2014-15, with much of the impetus coming from advanced economies. Global growth picked up in the second half of 2013, averaging 3 percent a marked uptick from the 2 percent recorded during the previous six months. Advanced economies accounted for much of the pickup, whereas growth in emerging markets increased only modestly. In emerging market and developing economies, growth is projected to pick up gradually from 4.7 percent in 2013 to about 5 percent in 2014. [Source: IMF]

Indian Economy

India's economy expanded by 4.7 percent in 2013-14, the second successive year of sub 5 percent growth. In seven of the last eight quarters, India's GDP has grown at less than 5 percent - hit by a mix of high inflation, costly loan rates and poor services and industrial sector growth. However, a good monsoon pushed agriculture growth to 4.7 percent during the year while total food grain production rose nearly 3 percent.

India's growth is expected to recover to 5.5 percent in 2014-15, supported by slightly stronger global growth, improving export competitiveness, and implementation of recently approved investment projects. Overall growth is expected to firm up on policies supporting investment and a confidence boost from policy actions, but will remain below trend. Consumer price inflation is expected to remain an important challenge, but should continue to move onto a downward trajectory.

Global Pumps Industry

According to Industry estimates, the world market for pumps used by industry, municipalities and for irrigation will grow to \$45 billion per year in 2017, adding more than \$7 billion to annual sales in 2013. East Asia will account for more than 1/3rd of the market in 2017, with growth in this region driven mostly by new infrastructure and heavy industrial spending. More power plants will be built in this region in the next five years than in the rest of the world combined. Investment in municipal wastewater treatment and drinking water facilities is also expected to outstrip other regions. Because of aridity in much of the region, investment in irrigation pumps is also figured to be substantial.

Growth in North America will be led by the non-conventional oil and gas sector, whereas Western Europe is expected to be a slow growth market characterized by a large percentage of replacement pumps. Eastern Europe will reflect growth in expenditures to meet environmental regulations required for European Union membership. Middle East expenditures will rise as the region increasingly becomes a supplier of refined rather than raw products. There will be a strong demand for pumps from developing countries like China and India due to industrialization and investments in infrastructure.

Indian pump industry

India's gross domestic product (GDP) grew by only 4.7 per cent in 2013-14, the second successive year of sub 5% growth. A weak performance by the manufacturing and services sectors slowed the pace of economic expansion in the current year. The business sentiments remain weak despite reform initiatives. Weak industrial performance is likely to persist on account of factors like lackluster external demand and absence of reliable power supply source amidst coal shortages. Infrastructure projects in power and road construction are held back by problems like coal supply, environmental clearances, land acquisition and financial closure.

In spite of the ongoing challenges, the Indian pump industry is expected to grow at 8 per cent year-on-year to reach ₹ 14,000 crore by 2017-18 from ₹ 8,500 crore currently as India aspires to take a centre stage on the global economic landscape.

The market demand will be driven by investments in water, irrigation, oil and gas and industry segments. The market to an extent will be influenced by decisions and policies taken for infrastructure projects, especially power and irrigation projects.

Today, in India, as in the rest of the world, there is a huge thrust on clean energy generation. It is also very essential to use energy efficient products and systems. Lifecycle cost analysis reveals energy cost is a major component of total cost of ownership of any power driven products. The operating and maintenance costs constitute approximately 80 per cent of the lifecycle cost of pumps. Pumps consume 30 per cent of the total power generated. Thus, some customers are changing their procurement approach from price of acquisition to cost of ownership of the products. Eventually, regulations are bound to come into effect which will enforce usage of energy efficient products.

Opportunities and Threats

The shift in demand for pumps in India from unorganized sector to organised sector is happening faster. With labour getting scarce and expensive, there is a greater preference among agriculturists to work with branded models that promise a higher uptime, circumventing the need to invest in submersible pump extraction, repair or replacement. The result is that the market share of the country's unorganized sector has steadily declined from 95% to 80%; the performance of the organized sector growth over the unorganized provides the industry optimism.

Most Governments are insisting on the use of Star-rated pumps wherever it is subsidising their purchase on account of higher energy efficiency. BEE estimated Agriculture accounts for about 27% of electricity consumption in the country, which is increasing due to rural electrification efforts of the Government. The electricity is largely used in agricultural pump sets which generally have poor efficiency. Most of the pilot projects as well as other studies project potential of 40-50% by mere replacement of inefficient pumps. Overall electricity saving (from 20 million pumps) is estimated at 62.1 billion units annually. This is estimated to translate in to the yearly savings of ₹ 1800 crores.

India has acute shortage of electricity and natural resources like coal and fuels. We are highly dependent on imports of coal and fuels. Beyond that India has huge distribution of loss of electricity. Considering all the facts Government focused increased on renewable energy sources. MNRE has started Solar Energy programs with the help of State Government, NABARD and nodal agencies to promote the solar systems.

Risks and Concerns

Some of the risks that are potentially significant in nature and need careful monitoring are raw material price, availability of power among others. The Company is classified as and agriculture appliances industry, the growth of which is determined by the overall growth of agriculture, availability of inputs and the state of the global economy.

Shakti Pumps initiatives to produce sustainable, eco friendly pump products

Agriculture and water are still contributing highest to pump and electricity consumption. It will continue to provide high volume to Pump Industry. With higher consumption of electricity, Government's focus is increasing towards star-rated energy efficient pumps (labeling) and pumps run by renewable energy sources. Industry is moving towards energy conservative pumps which consume less energy and give more output compared to traditional pumps.

Shakti Pumps provide energy conservative stainless steel pumping solutions, which consumes less energy and provide more output. We have invested in technology which is energy conservative and eco-friendly. Shakti is the first Indian pump manufacturer with a five star rating from the Bureau of Energy Efficiency. The Company is accredited with ISO 9001:2008 for quality and certified by the Indian Standards Institute for product safety. Shakti has now started manufacturing of solar pumps which are also energy conservative, approved by Ministry of New and Renewable Energy ministry and BEE rated.

Shakti Pumps future growth, expansion plans

Despite only moderate growth expected in the global economy, we expect order intake and sales revenue to grow substantially higher than market growth in coming years. Next year, we are inclined to achieve a top-line growth of 25% with the net margin of 9-10%. Shakti is also committed to increase the Branch Network to 30 and Dealer network to 100 more in the coming two years.

We assume in the coming years, government focus will be on energy, conservation with star rated pumps and international focus on renewable energy products like solar pumps will drive our growth. Solar pumping solutions are the next big buzz in the sector as many state government with MNRE are coming up with solar pumping projects.

With our strong R&D capabilities we are moving towards industrial pumps, solar pumps to target institutional and Government business. We have plans to launch many new products like high quality energy conservative sewage pumps, slurry pumps, waste water pumps and hot water pumps, In addition, we are enhancing the range of booster pumps, upgrading open well pumps, and hydro-pneumatic systems.

Expansion of the standard business, the continued development products and after-sales service will be important priorities.

1. We have audited the attached Consolidated Balance Sheet of M/S. SHAKTI PUMPS (INDIA) LIMITED (the company) and its subsidiaries (collectively referred to as "the Group") as at 31st March 2014, and the Consolidated Statement of Profit & Loss and the Consolidated Cash Flow Statement for the year ended on that date annexed there to. These financial statements are the responsibility of the Company's Management and have been prepared by the management on the basis of separate financial statements and other financial information regarding components. Our responsibility is to express an opinion on these financial statements based on our audit.

2. We conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes accessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

3. We did not audit the financial statements of subsidiaries. These financial statements & other information have been audited by other Auditors whose reports have been furnished to us, and our opinion is based solely on the report of other auditors.

4. We report that the consolidated financial statements have been prepared by the Company's Management in accordance with the requirements of Accounting Standard (AS) 21 "Consolidated Financial Statements" as notified by Companies (Accounting Standards) Rules, 2006.

5. Based on our audit as aforesaid and to the best of our information and according to the explanations given to us, we are of the opinion that the attached consolidated financial statements give a true & fair view in conformity with the accounting principles generally accepted in India :

- i. in the case of Consolidated Balance Sheet, of the State of Affairs of the Group as at 31st March, 2014 ;
- ii. in the case of Consolidated Statement of Profit and Loss, of the profit of the Group for the year ended on that date and

Significant Accounting Policies and Notes on Consolidated Accounts

A. Principles of Consolidation

The Consolidated Financial Statements relates to SHAKTI PUMPS (INDIA) LTD. ("the Company") and its overseas two wholly owned subsidiary companies as :

S.No	Name of the Subsidiary Company	Country of Incorporation	% of Shareholding	Currency
1	Shakti Pumps USA LLC	USA	100	USD
2	Shakti Pumps FZE	UAE	100	AED

The Consolidated financial statements have been prepared on the following basis:

a) The Financial Statements of the company and its subsidiary companies are combined on a line-by-line basis by adding together the book value of like items of assets, liabilities, income & expenses, after fully eliminating intra -group balances and intra-group transactions in accordance with Accounting Standard (AS) -21 " Consolidated Financial Statements".

b) Revenue items are consolidated at the average rate prevailing during the year. All assets and liabilities are converted at the rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognized in the exchange fluctuation reserve.

c) Reporting period of the subsidiaries are different as to the company reporting period. Hence for the purpose of preparing consolidated financial statements, the financial statements of subsidiaries have been prepared to the same reporting date and for the same reporting period as of the company in accordance with AS-21" Consolidated Financial Statements".

d) The accounting policies of the parent are best viewed in its independent financial statements. As far as possible, the consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented in the same manner as the company's separate financial statements.

e) Notes to these Consolidated Financial Statements are intended to serve as a means of informative disclosure and a guide to better understanding of the consolidated position of the companies. Recognizing this purpose, the Company has disclosed only such Notes from the Independent Financial Statements, which fairly present the needed disclosures.

Independent Auditor's Report

To,
The Members of,
SHAKTI PUMPS (INDIA) LTD.

Report on the Financial Statements

We have audited the accompanying financial statements of SHAKTI PUMPS (INDIA) LIMITED ("the Company"). These comprise the Balance Sheet as at March 31, 2014, the Statement of Profit and Loss and Cash Flow Statement for the year ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 ("the Act"). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. The standards require that we comply with ethical requirements as also plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) in the case of the Balance Sheet, the state of affairs of the Company as at March 31, 2014;
- (b) in the case of the Profit and Loss Account, the profit for the year ended on that date; and
- (c) in the case of the Cash Flow Statement, the cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2003 ("the Order") issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.
2. As required by section 227(3) of the Act, we report that:
 - a. We have obtained all the information and explanations which are to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books [and proper returns adequate for the purposes of our audit have been received from branches not visited by us];
 - c. The Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - d. In our opinion, the Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement comply with the Accounting Standards referred to in subsection (3C) of section 211 of the Companies Act, 1956;
 - e. On the basis of written representations received from the directors as on March 31, 2014, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2014, from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Companies Act, 1956.
 - f. Since the Central Government has not issued any notification as to the rate at which the cess is to be paid under section 441A of the Companies Act, 1956 nor has it issued any Rules under the said section, prescribing the manner in which such cess is to be paid, no cess is due and payable by the Company.

Significant Accounting Policies & Notes

A. Basis of Preparation of Financial Statements

The financial statements are prepared under the historical cost convention, on the basis of going concern assumption in accordance with the applicable accounting standards in India and the provisions of the Companies Act, 1956.

B. Use of Estimates

The preparation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known/materialized.

C. Fixed Assets

Fixed Assets are stated at cost net of recoverable taxes including any cost attributable for bringing the assets to its working condition for its intended use less accumulated depreciation.

D. Depreciation

Depreciation has been charged on fixed assets on straight-line basis from the month of addition and to the month of sale at the rates specified in schedule XIV of the Companies Act, 1956. 100% depreciation has been charged on assets valued up to ₹ 5000/- per item.

E. Foreign Currency Transaction

- Transactions denominated in foreign currencies are recorded at the exchange rate prevailing on the date of the transaction or that approximates the actual rate at the date of transaction.
- Monetary items denominated in foreign currencies at the year-end are restated at the year-end rates.
- Non Monetary foreign currencies items are carried at cost.
- Any income or expense on account of exchange differences either on settlement or on translation is recognized in the profit & loss account except in case of long term liabilities, where they relate to acquisition of fixed assets, in which case they are adjusted to the carrying cost of such assets.

F. Investments

Current Investments are carried at lower of cost and fair value. Long Term Investments are stated at cost. Provision for diminution in the value of long term investments is made only if such a decline is other than temporary.

G. Inventories

Item of Inventories are measured at lower of cost and net realizable value after providing for obsolescence, if any. The cost of work in progress and finished goods is determined on absorption cost price.

H. Revenue Recognition

Revenue is recognized only when it can be reliably measured and it is reasonable to expect ultimate collection. Revenue on sale of goods is recognized on passes of title to customers, sales are excluding of VAT, Excise duty and adjustment for rate difference. Export sale are accounted for on the basis of dates of bill of lading.

I. Excise duty/CENVAT

Excise duty is accounted for on the basis of payment made in respect of goods cleared. CENVAT claim on purchase of raw material is reduced from the cost of raw material.

J. Employee Benefits

- Short Term Employee benefits are recognized as an expense at the undiscounted amount in profit & loss account of the year in which the related service is rendered.
- Defined benefit plans: The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the payment of Gratuity Act or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund.
- Defined contribution plans: Company's contribution to Provident Fund, ESIC scheme for the year is charged to Profit and Loss account. Retirement benefit, medical reimbursement and leave payments to employees are accounted for on cash basis.

K. Borrowing Costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to Profit & Loss account.

L. Provision for Current & Deferred Tax

Provision for current tax is made after taking into account benefits admissible under the provisions of the Income Tax Act, 1961. Deferred tax resulting from "Timing Difference" between taxable incomes & accounting income is accounted for using the tax rates and laws that are enacted or substantially enacted as on the balance sheet date.

M. Provisions, Contingent Liabilities & Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognized but are disclosed in the notes. Contingent assets are neither recognized nor disclosed in the financial statements.

N. Segment Reporting

The Company is mainly engaged in the business of manufacturing various types of Pump & Motors. Considering the nature of business & financial reporting of the Company, the company has only one segment as reportable segment. The Company operates in Local & Export Segments Geographically. The sales for both are separately given, but due to the nature of business the assets/liabilities and expenses for these activities cannot be bifurcated separately.

O. Share Warrant

During the Year Company has issued ₹ 15,00,000 (Fifteen Lacs) Equity Warrants on a preferential basis to promoter and promoter group relatives with each warrant convertible into equity share of nominal value of ₹ 10/- each.
